Mr. Theodore G. Streibart
Director
United States Information Agency
Washington, D. C.

Dear Ted:

Many thanks for sending me the initial series of reports developed in your West European Public Opinion Barometer. I think your plans to run these cross section surveys of public opinion at four-month intervals is a good one and I shall be interested in seeing subsequent copies of the Barometer.

I am referring these reports to some of our other interested people over here also.

Sincerely,

Allen W. Dulles
Director
